**BradyGames : Dragon Quest Monsters: Joker 2 Official Strategy Guide (Bradygames Strategy Guides)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Dragon Quest Monsters: Joker 2 Official Strategy Guide (Bradygames Strategy Guides):

1 of 1 people found the following review helpful. Not bad, but wtf...By Eric Funchion This guide works truthfully for only a small amount of things. It helps find stuff in the areas and it isn't half bad for walking you through the game.... Not that you need it cause they always tell you what you need to do in the game. Where it fails is all over the board. They don't tell you which levels give you skill points, they don't list anything major about skills and traits that will help you decide what you want to use on each monster, They do not list the easiest, EASIEST possible synchronizations for a majority of the monsters which is just stupid. Oh, and the big one. They DON'T EVEN LIST

ALL THE MONSTERS. They are missing the big ones like Rigor Mortis, Zenith Dragon, and Barbaros.
