BradyGames : Dragon Quest VI: Realms of Revelation Signature Series Guide (Brady Games Signature Series Guide) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Dragon Quest VI: Realms of Revelation Signature Series Guide (Brady Games Signature Series Guide):

Bancroft I received this guide when I was just about done with the game, so I was more interested in how it covered the additional and bonus content. It does a pretty solid job of at least touching on everything - a decent fun walkthrough, all bonus party members covered in details, and a brief section on each and every side quest. When my interest in attempting to power up to take on the bonus-dungeon boss was waning, this guide perked me up enough to do some power leveling and take him out. To me, strategy guides aren't just about helping one through the game;

they're an experience in themselves, designed to extend one's enjoyment of the game. This guide very much accomplished this goal. I'd like it to have given more extensive coverage of a few post-game portions (I won't tell you what, to avoid ruining it), but my quibbles with the guide are minor. Overall, I definitely recommend it. ~Ryan1 of 1 people found the following review helpful. Great Guide to Dynamic Old School RPG By LOKI For all the fans of Dragon Warrior (Quest) VI. If you want to explore the entire land, find out all the monsters, weapons, arms, and enjoy the photos! This is a must have book for you! If your into Dragon Warrior (Quest) from the good old days on the NES and SNES you will enjoy the book and game! Now if we could only see the Dragon Warrior (Quest) III REPRISÉ edition on the 3DS, that would be really nice and highly collectable. Again, solid book with everything you need to adventure and win the game of Dragon Quest VI. 0 of 0 people found the following review helpful. Five Stars By n86 excellent guide
