Elizabeth Hollinger : Dragon Warrior VII (Prima's Official Strategy Guide) before purchasing it in order to gage whether or not it would be worth my time, and all praised Dragon Warrior VII (Prima's Official Strategy Guide):

3 of 3 people found the following review helpful. Good start, but falls just short.By IlyanacThis book is really helpful if what you want is a description of how to beat the personality system. It also has those oh-so-critical lists of moves, weapons, and items (very good ones too), and for the first half of the game it has detailed (but a bit small) maps of both the towns and dungeons. The last half though degrades to basically a list of places to visit with little useful info. There's also no help in finding the tiny medals or hidden items. I would have liked more info on the monsters also. The info it does have seems to be based on battling a group of four of the same monsters, it isn't accurate when fighting individual or mixed groups of monsters. Still, I highly recommend using a book for this game and this is the only one, so it'll do.0 of 0 people found the following review helpful. Great guide,but not everthingBy mana2jayYou look for everything in a strategy guide and this lays everything but the tiny medals locations. You get a recommended level to tackle an area, you get color maps. I just wish they would put everything into these Dragon Warrior/Quest guides.0 of

0 people found the following review helpful. loved it. By rudy elrod Great service, book was in fantastic shape. I would not hesitate to buy other items from this seller! As a matter of fact I plan to buy other books in the near future.

DRAGON WARRIOR VII: PRIMA'S OFFICIAL STRATEGY GUIDE invites you to join in the best-selling RPG adventure from Enix, DRAGON WARRIOR VII.
