A xenoverse guide for a scam By AztecIm extremely disappointed, I thought I was getting an in-depth guide of Xenoverse 2, how to perform a stamina break, how to get good qq bangs. How to properly fight online, how to fill your stats. What I got is a small book of 45 pages in which 23 pages are how to install games on different devices. At first I thought it was a mistake or a bad taste joke, considering the other

reviews are 5 stars. But this feels like a scam, for the almost \$10 I paid , this is the worst thing I have bought on .1 of 1 people found the following review helpful.
