A Must Have By Captain Critical If you're a playwright trying to sell your work, this is quite simply the only helpful book on the market at this time. Finding a production for a play is never easy, but this annually updated guide (and always be sure you have the latest edition) at least gives you the "lay of the land." ignore the section on agents--they won't give you the time of day until you've wangled a production. 11 of 17 people found the following review helpful. The Other Reviewer Is An Idiot By C. Morse The person who gave this book a one-star review is basically just bitching about a defective copy that he received -- totally irrelevant to the quality and content of the Dramatists Sourcebook itself. It's a great book, clearly written, detailed, well-organized, a highly useful tool for any playwright.
