Great guide to improve photography skillsBy MagdaleraAuthor describe amazing steps and strategies to take photos so that any non professional can take photos. This book let me know about difference between Mirrorless cameras and DSLR. There are many reasons to buy a DSLR camera. It has great image quality and speed. There are many features in DSLR cameras. I get knowledge of how to use DSLR cameras. There are helpful tips for beginners. I have learned steps to blur portrait background. In second book, there are photography basics.1 of 1 people found the following review helpful. goodBy CustomerTo say this book is a real value is an understatement. I would have paid double the cost for this book and still been pleased with the information gained.Edward explains a lot about photography in relatively few pages. He does so very well, helping his readers to understand the key drivers of camera use and creativity. So many have tried to explain these things, but Edward hit the sweet spot for me!1 of 1 people found the following review helpful.
