The spine feels delicate when flipping through, but the overall package is great. An update including the newest show (Arc-V) would have been fantastic, but it's not essential and we can't be beggars when unique content makes it over. All we need now is the light fiction novels and we will have everything! 1 of 1 people found the following review helpful. Excellent book. It was everything I expected and more By Bakura Excellent book. It was everything I expected and more. Fascinating to see how Takahashi's art style evolved since the end of the series. I'm glad this was finally released in the US and would

recommend it to any fan of Yu-Gi-Oh! or art in general.0 of 0 people found the following review helpful. I'm so glad that I purchased thisBy HammyThe art is just gorgeous. I'm so glad that I purchased this. Perfect for a Yu-Gi-Oh! fan, or even just for an artist that enjoys the medium.

It's time to DUEL! The original Yu-Gi-Oh! manga ran for 38 volumes, has been adapted into multiple anime television series, and spawned one of the most popular trading card games in the world. Duel Art collects the fantastic color artwork of series creator Kazuki Takahashi, along with rough concept sketches, tutorials, and an exclusive interview with Takahashi-sensei himself.
