Tony Orbach : Easy as Duck Soup Crosswords: 72 Relaxing Puzzles (Easy Crosswords) before purchasing it in order to gage whether or not it would be worth my time, and all praised Easy as Duck Soup Crosswords: 72 Relaxing Puzzles (Easy Crosswords):

Good variety of clues and answersBy AlexThis is a bit different than most of the other Puzzlewright crossword puzzle books; its hints and answers are fresher, and more varied!Does seem to be at the same level of ease as other Puzzlewright books in this category.I hope Mr. Orbach continues doing these books!3 of 3 people found the following review helpful. Not Much FunBy NightrunnerI've solved several of these, none without consulting the answers in the back to finish some of the more arcane entries. Like another from Puzzle Wright Press, a knowledge of film and tv is helpful, no, make that essential. I did not find this or the companion that I purchased to be fun... frustrating, but not fun.3 of 3 people found the following review helpful. Easy = HardBy TrippsterNever trust a crossword puzzle that says its easy. When a crossword puzzle is easy, it is easy for a 70 year old who has extensive cultural knowledge and won't have to think too hard on most clues. To the average Joe,

especially someone under 30 or 40 year of age, 'easy' is equivalent to 'pretty hard'.

After a hard day, sometimes all you want is a gentle challenge. This collection of 72 easy crosswords fills the bill; each themed puzzle uses common, familiar words, phrases, and names. The clues are on the simpler side, too, so you can finish each puzzle with confidence and get on to more important things . . . like napping.
