I am in my sixties and have had no real experience doing puzzles. I wanted something fun, that was challenging,yet not so simple that I was finished in minutes. I have done about 6 puzzles so far and thoroughly enjoyed them. I don't know all of the answers right off, but as words are placed, I find myself figuring them out without feeling frustrated. Sometimes I have put the book aside and come back later with a fresh look and been able to fill in the answers. I just wanted something that I could take a break with and feel that my mind was still working! This was it. Thanks!2 of 2 people found the following review helpful. Easy is right!By fortherelaxI bought this for my husband who is very intelligent but hadn't worked a whole lot of crosswords. This book was his choice. He had been working the Monday through Saturday crosswords in the Oregonian without too much trouble but is a perfectionist, so he wanted to be sure he got something he could 'master.' Well, this was sure the right choice. He could

work one of these in less than 10 minutes while watching TV. These are for a true beginner. I'd recommend buying this only if you've never worked crosswords before. 1 of 1 people found the following review helpful. Bought this series for my 80 year old mother and ...By Mark Johnson Bought this series for my 80 year old mother and she loves, loves, loves them. Not full of current cultural references that she won't know (Britney Spears references? Not a clue.) But she could work her way through all of these. Wish there were more.

Easy as pie and tasty as a treat! It's solving la mode with this diverse selection of 72 engaging crosswords, all cooked up perfectly for the fan who likes it simple. Half are from the Monday paper and the other half from Tuesday, so they start you out gently while building your skills to the next level.
