the following review helpful. Explosive start in magicBy A CustomerEasy Card Tricks is a must for the student beginning to learn card tricks. This was the first card trick book I ever bought and found it to be very easy to understand and follow. You will be the life of the party doing "Prints of Magic" and "Stop Sign". Hats off to you Mr. Longe for getting me started in close up card magic with this book.

With no more than a deck of ordinary playing cards, astound your friends and family with your wizardly talents. Most of the 50 tricks can be done on the spur of the moment, and none requires any special equipment, sleight of hand, or special talent. Each trick contains suggestions of what to say to keep your performance running smoothly and even get a few laughs! A handy mastery levels chart and index will let you select tricks based on your ability. 128 pages, 40 b/w illus., 5 3/8 x 8 1/4.
