Harvey Estes : Easy Chair Crosswords: 72 Relaxing Puzzles (Easy Crosswords) before purchasing it in order to gage whether or not it would be worth my time, and all praised Easy Chair Crosswords: 72 Relaxing Puzzles (Easy Crosswords):

5 of 5 people found the following review helpful. Another great Harvey Estes crossword puzzle bookBy crossword galThis is the second of three Harvey Estes crossword books that I purchased on .com. I have 2 others as well. I find his crosswords very relaxing yet challenging enough to relax me and yet make me think. I love the puns and the references to songs, sports figures and actors/actresses that I remember from the past as well from modern day events. Five gold stars to Mr. Harvey Estes and his crossword book which are arranged in a large format in a spiral book so you can see all cues and puzzles and easily turn the pages to start a new puzzle. Of course the answers are provided in the back but you have to check which page they appear on so cheating is not so easy. Best prices for his puzzle books for me were found on .com1 of 1 people found the following review helpful. ..By Janet W.I'm updating my previous review. After working the first 25 puzzles, I dumped the book in the trash. It was too frustrating with many clues that

made no sense at all. The "easy" title is wrong. There's nothing easy about it, especially when the answers have nothing to do with the clues. 3 of 3 people found the following review helpful. Good BooksBy Mr.BillThese are a good series of crossword books. They're not as good as the NY Times Monday/Tuesday crossword books, but they are very close. Often the 'themes' of these crosswords don't make any sense, but overall these are a good, fun, series of books. The puzzles are easy enough to do, but not too easy.

Most crossword fans want the satisfaction of completing a puzzle without a struggle. That's why this Easy series is so popular. With 72 themed puzzles by a leading crossword expert, this is ideal for those who don't care for brain-busters. The themes that connect the long answers in each puzzle make solving more interesting, even while they make it easier. Like its companion volumes Crosswords Over Easy and Take It Easy Crosswords, this is perfectly targeted to the huge segment of the market that likes to think inside the box.
