By hgdiver My 5 yr old (at the time) loved this book and was able to complete the puzzles on her own without help from us. I wish they had a slightly older version that we could get her started on but will definitely buy again or buy similar when my youngest is ready.

This little book is an ideal way to help youngsters enlarge their vocabulary and sharpen spelling skills, all while having

fun. Twenty-four easy-to-work puzzles are accompanied by pictures to color and helpful hints for identifying objects "in my room," "in winter," and in other familiar scenes. Complete solutions are included at the end of the book.
