For who?By AlexI don't know what age group(s) this book is aimed at but I haven't heard of 90% of the clues given; of the ones I've been able to decipher, trying to figure out what sort of tweak the answer has (pun, irony, etc.) isn't generally easy. I love the format of the book and the hidden spiral binding is brilliant. I have a graduate degree from a tier-one private university and am no idiot.If you're looking for something by Puzzle Wright (this publisher) that is nice and easy (without being TOO easy) and relaxing, I've found the Easy as Pie book (with a lemon meringue slice on the cover!) to be quite enjoyable and am planning on trying more of that series.0 of 0 people found the following review helpful. Three StarsBy CustomerI wish I had ordered larger print since hard to read for me.0 of 0 people found the following review helpful. Great!By HollyMy husband loves these crosswords. Thanks for the good books! I will keep buying as he keeps doing. Thanks Again!!

Take it easy! When it comes to crosswords, most people like a puzzle that's clever and relaxing, not tricky and frustrating. Fortunately, this collection proves that easy doesn't have to mean boring. The book features 72 15 x 15 themed crosswords from a top-notch puzzlemaker--and that makes it just a little bit simpler for beginners to figure out the longest clues and enjoy the solving experience.
