Jane Burnett : Easy Spanish Crossword Puzzles (Language - Spanish) (English and Spanish Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Easy Spanish Crossword Puzzles (Language - Spanish) (English and Spanish Edition):

30 of 30 people found the following review helpful. disappointing puzzlesBy a readerThese puzzles are not that easy and they aren't fun to do because not a lot of the words intersect so you don't get hints by filling in the words you do

know first. They use odd words that a beginner would not be likely to know such as the word for axle (eje). The definitions are neither imaginative nor intuitive. Many words in the puzzles do not appear in the vocabulary list in the back of the book (e.g. mecadora and columpio). I enjoy crossword puzzles and I love studying Spanish but I did not enjoy this book. It appears to have been very carelessly put together. 1 of 1 people found the following review helpful.
