**Peter Olafson : Elder Scrolls IV: Oblivion Official Game Guide, Covers all Platforms, revised and expanded** before purchasing it in order to gage whether or not it would be worth my time, and all praised Elder Scrolls IV: Oblivion Official Game Guide, Covers all Platforms, revised and expanded:

1 of 1 people found the following review helpful. The book is awsome but the service...By Terrible T.The book is amazing.All the info from creating a character (which is massive and uncordinated unless you put several hours of game play in then figure it out and make a new one) to almost every detail of every quest (youll still have to wing some of it which is part of the fun of adventuring) but youll probably do what i did.Play for awhile,get the hang of the game,then make a new character cause you dont have any idea what your really getting into with a game like this and its massive scale do to me having the game a week before the game arrived which brings me to my last comment..My only problem was that i get items from anywhere in the country within a max of 4 days depending on weather.i paid for quick delivery of this item and it took 3 days to get shipped and then the typical 3 days to deliver.i dont think ill be paying for fast service again but the book is sooo worth it...1 of 1 people found the following review helpful. A Plus for Senior GamersBy BobI'm a senior citizen who just got started to play video games and I'm really enjoying them (for seniors they help to keep the mind sharp and are great for hand eye coordination). While most games are intuitive if you just employ some critical thinking and reasoning, sometimes you get stuck and here's where these guides come

in handy. I hate to give up on a game and want to see it all the way through, so I recommend these guides, but resist in taking the easy way out and only use them when necessary. 2 of 2 people found the following review helpful. You Need This Book if you Want to Become a Slop Drudge in Skingrad! By HelenLeona Exactly what I needed. Just referred to it this morning. And the price was right! Started out with Skyrim (and the official guide) and decided to try Oblivion. I might even like it better than Skyrim!

Find Your Path! Detailed maps for every part of the world and every major city, plus special maps for every key section of the main quest. Specific chapters on how to create your character and maximize your abilities and skills. Over 400 full-color pages packed with information on everything you need to know about the massive gameworld of Oblivion. Walkthroughs for every quest in the game, including the main quest, all faction quests, as well as miscellaneous and freeform quests. Sections on various gameplay systems including stealth, combat, magic, spellmaking and enchanting, alchemy, and more. Detailed bestiary chapter to help you best deal with the denizens of Tamriel and Oblivion. Includes new chapters on Knights of the Nine and Oblivion downloadable content.
