**Shirley Silverman : Elementary Bridge Five Card Major Student Text** before purchasing it in order to gage whether or not it would be worth my time, and all praised Elementary Bridge Five Card Major Student Text:

1 of 1 people found the following review helpful. The best book series available for the beginner or advanced player wanting a brush-upBy OldBritThe best simply. I learned to play bridge years ago using Shirley's 4 book series, of which this is one of the books. I went on to play duplicate and even won a few Master's Points in tournaments. I

loaned the books to someone who never returned them, so when I decided to start playing again I bought Shirley's updated series to refresh my skills. These books are short, simple, clear, and to the point. They explain the logic of the various bidding, play, and conventions so that it is easy to understand how and why you use them - which makes it easy to remember and implement each lesson. 0 of 0 people found the following review helpful. This is a great series for a beginner or someone coming back to ...By j w polzien This is a great series for a beginner or someone coming back to bridge after many years or anyone who wants to be a better player. Do all the exercises and you will learn a lot. Go through all 4 of them in order. 0 of 0 people found the following review helpful. I probably will not use it again when teaching beginners ...By Carolyn D. Lake I probably will not use it again when teaching beginners as it needs to be updated to reflect current point counts and bridge conventions. The basic information and quizzes are adequate.

Written for the absolute beginner. Ten lessons cover basic vocabulary, opening suit and notrump bids and responses, scoring, leads, signals, slams, the finesse and basic play of the hand.
