Gideon Defoe : Elite: Docking Is Difficult before purchasing it in order to gage whether or not it would be worth my time, and all praised Elite: Docking Is Difficult:

0 of 0 people found the following review helpful. Elite Dangerous meets Hitchhiker's guideBy Matthias PragNot what I expected after reading two other ED books, and if it weren't for the references to the commodities sold on the digital galaxy of ED, I wouldn't call this an Elite Dangerous novel. However I do appreciate the somewhat slapstick comedy and zany quirks of this book. Not what I expected of a book billed as a space faring book.1 of 1 people found the

following review helpful. Poor storyBy CustomerPoor story line, not worth reading.0 of 0 people found the following review helpful. An inaccurate, but interesting look at EliteBy ErkDocking is Difficult is a humorous look at the series, though it is badly inaccurate. Honestly, if it weren't for the occasional mention of ship names and the Coriolis station, you wouldn't really know it was Elite. But, it's a decent novella, just not worth the price.

Set in the world of Elite: Dangerous, a hilarious adventure in deepest space from the author of the hysterical The Pirates! series

About the AuthorGideon Defoe is the author of the series The Pirates!, which includes The Pirates!in an Adventure with Scientists.
