From Michael D Murray : Encyclopedia of Television News: before purchasing it in order to gage whether or not it would be worth my time, and all praised Encyclopedia of Television News::

A recent Times-Mirror survey has shown that 65 percent of Americans prefer television over other news media for news coverage, an increase of 10 percent in just over a decade. To understand the enormous impact television news has had on American life, it is important to define the contributions made by various individuals in the field, as well as

to recognize the news programs and broadcast journalism issues that have captivated, enlightened, and informed our nation. Never before have the forces and individuals of television news been so thoroughly and authoritatively examined.

"The high quality and thoroughness of this encyclopedia will make it valuable to browsers, students, and researchers. It will be a useful purchase for most academic and public libraries and a necessity for libraries supporting collections on broadcasting and journalism."-Booklist/Reference Books Bulletin..."a useful general-audience reference resource."-CBQ"Recommended for all libraries supporting media programs."-Reference and User Services Quarterly..."provides a level of detail and a focus on the industry's professionals....It will prove useful in public and academic libraries."-Rettig on Reference"This book provides rich, credible, and up-to-date information....an effective resource for mass media instructors, students, and broadcasters to learn the history of television news."-Feedback"Students of television and journalism as well as newsaholics will truly enjoy this book.
