: Epic Spell Wars II - Rumble at Castle Tentakill before purchasing it in order to gage whether or not it would be worth my time, and all praised Epic Spell Wars II - Rumble at Castle Tentakill:

1 of 1 people found the following review helpful. Hilarious fun...hard to find until October. By Jeff Gettig Love this game. I play it all the time with friends. We combine this with the first game to create a massive game of hilarity. Adding the new features of this game (minions, blood, and the standee) adds a new flavor to the game, and in a good way. The ONLY con I would have to say was that they didn't print enough for me to get my own copy. HOWEVER, I spoke to Cryptozoic and they said they would be back in stock in October. Looking forward to it!
