WE'VE Inc : Evangelion Chronicle: Illustrations (Evangelion Chronicle Illustrations SC) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Evangelion Chronicle: Illustrations (Evangelion Chronicle Illustrations SC):

8 of 8 people found the following review helpful. A really nice artbook, although maybe not the one for casual fans. By SynchronicizedFirst, let me say that I enjoy all things Evangelion, and so I bought this artbook sight unseen. The book's construction is what I've come to expect from Udon Entertainment. The book is big (about 13 by 10 inches), and well-bound. The paper used is high quality, and many of the pages feature glossy illustrations on flat white backgrounds, which makes the images really pop. The book itself looks quite impressive displayed on my shelf. As for the content, about 1/3 of the pages consist of character art and sketches of the main characters. The other 2/3 features drawings of the Eva Units themselves, drawings of the various Angels, and artists' renderings of scenes from the Eva

canon. These scenes range from renditions of the Antarctica expedition to the events in End of Evangelion, so there's a little bit of everything. Overall, this is a book that I'd recommend. However, if you are expecting an artbook full of character art (like the beautiful image on the cover), you might be a little bit disappointed. I was just a bit disappointed that the various artists collectively got only one page at the end of the book to talk about their contributions, but that's presumably how it was in the Japanese edition. For the more casual Eva fan, or for the fan who is looking for more character art, I'd probably recommend Der Mond: The Art of Neon Genesis Evangelion over this book, as Der Mond focuses more on the characters while this one is more about the Evas and the story. 0 of 0 people found the following review helpful. Evangelion Art Collection By Chaotic This art collection is a must for Evangelion fans! The art in here blew me away, there was even some art that I have never seen before, and I have searched high and low for anything Evangelion related. If you love Evangelion then you should pick this up right away! 0 of 0 people found the following review helpful. I was thoroughly impressed with the quality of artwork in ... By Sean Joyce I was thoroughly impressed with the quality of artwork in this book. There was a plethora of new pieces made specifically for this book. All art pieces focus on Evangelion. I have to recommend this to any Eva fan or art enthusiast.

The Neon Genesis Evangelion television series revolutionized Japanese anime with its incredible animation, sophisticated storytelling, and its dynamic mecha designs. Evangelion Chronicle: Illustrations collects all the original artwork created for the Evangelion Chronicle encyclopedia series, plus new pieces produced exclusively for this volume. You'll also get rough sketches and creators' comments, offering a true behind-the-scenes glimpse into the rich world of Neon Genesis Evangelion.
