Bruce Pandolfini : Every Move Must Have a Purpose: Strategies From Chess For Business and Life before purchasing it in order to gage whether or not it would be worth my time, and all praised Every Move Must Have a Purpose: Strategies From Chess For Business and Life:

0 of 0 people found the following review helpful. Three StarsBy LarryQuick read, a few interesting chess stories. All the lessons are cliché
0 of 0 people found the following review helpful. Entertaining but not much meatBy Chad

TrailThe book was entertaining but as a novice chess player, I didn't connect to some of his stories. I would liked to have had more explanation and connection to business. The book did however, stimulate me to read more on the connection between chess stragies and business.0 of 0 people found the following review helpful. So-SoBy Jerry R. HedrickPretty generic. Same business principles just used in chess analogies.

From the world-renowned chess teacher, a guide to applying the principles of the game to beating the competition in any endeavorFluid and elegant, yet rigorous and rule-bound, chess is a game that seduces, confounds, and hooks. Now, world-renowned chess master and Fortune 500 business consultant Bruce Pandolfini shows readers how chess principles can be simply and logically applied to any business or life situation. No specific chess knowledge is needed, but after reading Every Move Must Have a Purpose, you will share with the most astute chess players the secret to thinking on your feet.From the celebrated 'chairman of the board' comes the secrets of strategy that everyone will find useful, including: Be aggressive, but don't take unnecessary chances Answer all threats with a counterthreat When exchanging, always get at least as much as you give upCrisply and engagingly written, with entertaining examples and chess anecdotes, Every Move Must Have a Purpose will improve your strategic thinking so you'll never again debate your next move.

"Pandolfini has taken two seemingly unrelated disciplines and drawn strong connections that can be informative and useful to both . . ." -- Stanley F. Druckenmiller, Chairman and Chief Executive Officer, Duquesne Capital Management LLC"Pandolfini has taken two seemingly unrelated disciplines and drawn strong connections that can be informative and useful to both . . ." -- Stanley F. Druckenmiller, Chairman and Chief Executive Officer, Duquesne Capital Management LLCAbout the AuthorBruce Pandolfini is one of the world's most sought-after chess teachers and one of the most widely read chess writers working today. His role as analyst for PBS's coverage of the 1972 match between chess superstars Bobby Fischer and Boris Spassky first launched him into the public eye. His coaching of chess prodigy Josh Waitzkin was portrayed in the book and film Searching for Bobby Fischer. He is a regular columnist for Chess Life, the bible of the chess world, and continues to coach young players professionally and to consult with CEOs from numerous Fortune 500 companies. He lives in New York City.From AudioFileRenowned chess teacher and Fortune 500 business consultant Pandolfini delves into the relation between chess and business at great length. Businesspeople love to checkmate the competition and delight in the day-to-day chess-like analysis and warfare that business demands. The author generously doles out chess anecdotes, albeit fascinating ones, yet shortchanges the listener a bit when it comes to actual business instruction; the stories are interesting, but we come away from his New Jersey-inflected lecture with more chess lore and less usable business advice than we would expect. Chess hounds will trade a queen or play at a handicap to gather the "lore of the board" contained herein, but businesspeople may want to play a few rounds before listening. D.J.B.
