Brian Semling : Everything You Need to Know About Star Wars Collectibles before purchasing it in order to gage whether or not it would be worth my time, and all praised Everything You Need to Know About Star Wars Collectibles:

1 of 2 people found the following review helpful. Book doesn't quite live up to website By A Customer I purchased Semling's book based on the quality of his website, "Brians Toys." If you are new to collecting Star Wars, I recommed this book. If you already know the basics, you may want to look elsewhere. The book has large quality photographs, but the writing is at about a highschool level. 2 of 3 people found the following review helpful. Very good! By A Customer This is a very good and imformative book....It's a must for any collector! Very well written and easy to navigate.
