By fantasyfootballjunkie If you are a hardcore fantasy football player in leagues with different scoring equations this book might just be what you're looking for! John teaches you how to customize your player rankings cheat sheets for the specific league you want. For me, it was also just a plus learning some tricks of the trade involving Excel. I was not adept with Excel before and am proud to say after reading the book I am more proficient at it. This book has the official seal of approval from The Fantasy Football Junkie.

Don't get stuck with canned cheat sheets anymore! Finally, there's a better way to rank NFL players. Now you too can build cheat sheets completely customized to your league. With Excel for Fantasy Football, you have total control of

your player rankings and cheat sheets. Power up your draft strategy, with this instructive step-by-step guide. *
Customize your cheat sheet to your league's point scheme. * Effectively rank players with proven (but simple)
methods. * Make ingenious rapid decisions at the draft. Let this be the year you finally take control of your cheat
sheets and drafts! Imagine: Turn your play time into learning time (and gain valuable job skills). * PivotTable *
Vlookup functions * Blended RANK'ings This might be the best investment you'll ever make.
