Doug Walsh, BradyGames : Fable III Signature Series Guide (Bradygames Signature Guides) before purchasing it in order to gage whether or not it would be worth my time, and all praised Fable III Signature Series Guide (Bradygames Signature Guides):

KumiegaThis was one of the best guide purchases I've ever made. I'm no guide book aficionado because I typically don't need them. You don't really need it for the storyline itself but wth all the dig spots, quests, golden doors, demon doors, weapons, etc. it was well worth the purchase. It saved me hours of hunting or running back and forth to the computer. I didn't find the way it was organized to be difficult to use or anything; plus there's an index if I forget where a particular thing is located. I don't

have any qualms about my five star rating. Worth it!0 of 0 people found the following review helpful. Just as described.By twinbushGuide came in as described though a little on the slow side for me. I guess that's what happens when you are waiting for something you really want.
