Sally J. Smith, Amber Lotus Publishing : Fairy Houses 2017 Wall Calendar before purchasing it in order to gauge whether or not it would be worth my time, and all praised Fairy Houses 2017 Wall Calendar:

1 of 1 people found the following review helpful. beautiful, well-made calendar By Elaine N. I love this calendar. I had the 2016 calendar last year, and when I saw that there was a new calendar for 2017 I snagged it up right away. The fairy houses are amazing, the photography is great, and the calendar has a lot of information, such as holidays, phases of the moon, and when daylight saving time begins and ends. The paper is thick and sturdy. The surface is shiny, so it is difficult to write on it with anything other than a ballpoint pen. Personally, I prefer the look and durability of the shiny surface so this isn't a problem for me, but if you want to be able to pencil things in, you may want to use sticky notes instead of writing directly on the calendar. 0 of 0 people found the following review helpful. Well Made Makes Me Smile By Sunny Day The paper is very nice - heavy weight and shiny. The photos are cute and the compositions are done well. The small size is just right for hanging on a magnet on the side of my filing cabinet adjacent to my desk. Easy to get to and enjoyable to look at. Makes me smile! 1 of 1 people found the following review helpful. Cute Calendar By Suzanne Powell This is precious! Perfect for my cube at work. The colors are fantastic. Thinking about purchasing a bigger one.

The Fairy Houses wall calendar reveals a magical world of handcrafted faerie castles and cottages, fanciful fairy retreats and sanctuaries, and habitable hobbit hideaways. Celebrated environmental artist Sally J. Smith builds these

exquisite creations from materials found in the wild. Each house begins as a collection of bark, twigs, mosses, and stones and is finished with touches of fragile blossoms, ferns, and butterfly wings that add to their ethereal beauty. When complete, the houses are placed in a natural setting so perfectly suited that they seem surely to have been crafted by fairy hands. A year of fantastic fairy houses on your wall. Frameable artbook-quality printing. The perfect gift for the fantasy, fairy tale, and nature art lover. Exceptional photographs of magical fairy houses in forests and fields. Printed on FSC Certified Mixed Source Paper with soy-based inks. Published by Amber Lotus, an independent carbon-negative US company that has planted more than half a million trees since 2008. This calendar features US and Canadian legal holidays, phases of the moon, and important observances of the world's major religions. Children and adults alike will find inspiration and delight in this creative expression of land art.

About the Author Sally J. Smith was a professional watercolor artist and children's book illustrator for more than 20 years before turning her talents to environmental sculptures. Her fairy houses and Eartherals echo the beauty of a special place or moment in time. Smith creates a visual record of a piece at its completion, and whenever possible, after the sculpture is photographed, it is left where it was made for the nature spirits to enjoy. She lives in the Adirondacks, where resources for her magical creations abound.
