**David Hodgson : Fallout 3 Collector's Edition: Prima Official Game Guide** before purchasing it in order to gage whether or not it would be worth my time, and all praised Fallout 3 Collector's Edition: Prima Official Game Guide:

Includes a giant poster, which is a map of the game.Organized: Greatly organized and ever has an index up-front, so that you can find the information you want quickly.-----The Bad:Spoilers: While there are some spoiler warnings, its tough not to look away and spoil yourself.-----

The Bottom Line: A great guide for a rookie and veteran vault-dwellers alike. An absolutely amazing in-depth coverage of anything you would like to know. It even goes as far as describing what enhancements do and what their withdrawal effects are. Also, it gives you all possible endings to your adventure (and oh yes, there are plenty of endings based on your karma, character and gender.) A bit of caution in the wind: If you do not want to be spoiled, do not look past the "Training Section" of this guide. Once you pass the game the first time, then it would be a good time to open up a guide fully and see what you missed and what needs to be done to get another ending and much much more. With this game's insanely high replay value, no vault dweller should leave their vaults without this guide! 0 of 0 people found the following review helpful. Wonderful quality; Seller went above and beyond! By TracerXMFantastic condition. Arrived with map and was listed as not having it; that was a very pleasant surprise. Looking forward to digging back into this great game! 0 of 0 people found the following review helpful. Nicely done! By Skye JayI'm very happy with this! I do enjoy having this by my side as I explore the Wasteland. It's put together quite well, and holds the info I need if I need it at the moment.
