This is the definitive book on (legally) pulling the wool over your opponents' eyes in bridge using a 'falsecard', played in an attempt to deceive one or more players at the table. There are times when playing such a card is essential if you are to have any chance of an optimum result.

About the Author Mike Lawrence has Bridge Hall of Fame credentials both as a player and as a writer. An original member of the Dallas Aces, he has won 3 world titles and 18 national titles. Several of his books are classics of the game.
