Sam Hendricks : Fantasy Basketball Handbook: The Ultimate How-To Guide for Beginners and Experienced Players before purchasing it in order to gauge whether or not it would be worth my time, and all praised Fantasy Basketball Handbook: The Ultimate How-To Guide for Beginners and Experienced Players:

0 of 0 people found the following review helpful. Don't buy this unless you have no idea what basketball ...By c

johnsonDon't buy this unless you have no idea what basketball is. There is actually a section that explains how basketball is played on a rectangular floor with all of the various lines explained. If you have ever played any type of fantasy sport or have a general idea of how it might work, you won't have much use for this book. Very little substance. It also needs to be updated for this century's technology purposes; one tip is to never ever bring a computer to your draft, but bring plenty of sharp pencils. Well, 95% of drafting is actually done online now and most people are fairly capable of using a computer to track information.1 of 1 people found the following review helpful. No newbie now!By Christ EsteesI am a first timer to fantasy basketball. After reading this book I can't wait for next season to start! Now I know what I am doing. It was a fun read!
