**Sam Hendricks : Fantasy Football Almanac 2010: The Essential Fantasy Football Reference Guide** before purchasing it in order to gage whether or not it would be worth my time, and all praised Fantasy Football Almanac 2010: The Essential Fantasy Football Reference Guide:

0 of 0 people found the following review helpful. Huge improvement over last year's model By Jeremy Crowhurst This is a great reference tool for those who rely more on their own analysis and less on the yearly magazines. Hendricks addressed many of the complaints about previous editions and delivers a better designed version for 2010. In particular he gets major props for doing what almost nobody out there does -- acknowledge which of his prior predictions were wrong, as well as listing the ones that were right. My only complaint is that I wish he'd engage in a little more discussion about why he's picking particular players to bust out or progress further, and why he made particular right

(or wrong) choices the year before. I've said in other reviews of his other books that he's the only guy out there writing at a high level, and in good faith, about FF. More of his discussion would always be welcome. 0 of 0 people found the following review helpful. Not that Useful By PAL in MD Unless you're into auction Fantasy Football, you will likely be disappointed with this publication. Save your money. 1 of 3 people found the following review helpful. Do not buy! By Alyosha C. McClain I purchased this product hoping to gain some insight that could not be gained by buying an annually published magazine, but I was severely disappointed. Not only is there nothing that could not be gained from a traditional fantasy football magazine, but it fell short of any magazine that I've purchased previously. Anyone thinking of getting this book would be better served talking to someone they know who plays fantasy football to figure out basic strategies. This book offers some basic conclusions without giving any explanation or reasoning as to why a strategy is helpful, or why any players are over/underrated. The book is filled with charts of information that are easily accessible via free internet sights. In short, DO NOT WASTE YOUR MONEY!

A handy, concise and informative source book. Expertly organized and full of statistics, schedules, rankings and projections. This reference book is a must for anyone involved in fantasy football. It is your single source for preparing for the fantasy football season. Includes: Past draft data Free agent and coaching changes Offensive line and strength-of-schedule (SOS) analysis Team predictions 250+ player projections Cheat Sheets for 5 different leagues; auction values for 3 leagues Rankings for TD-only, performance and performance plus leagues 2009 player and team statistics IDP, rookie and keeper rankings And much more

From the Publisher Awards -Finalist in the Sports category of the National Best Books 2008 Awards, sponsored by USA Book News -Finalist in the Sports category of the 2009 Indie Excellence Book Awards. -RotoNation.com named Fantasy Football Guidebook "One of the Top 4 Fantasy Football Books of All-Time". Also by Award-Winning Author Sam Hendricks -Fantasy Football Tips: 201 Ways to Win Through Player Rankings, Cheat Sheets and Better Drafting - Fantasy Football Basics: The Ultimate "How-to" Guide for Beginners -Fantasy Football Guidebook (2nd Edition): Your Comprehensive Guide to Playing Fantasy Football -Fantasy Baseball for Beginners (publication date 1 Oct 2010) From the Author Look for my rankings and expert analysis in magazines such as Fantasy Football Index and Fantasy Football Pro Forecast. Follow my mock draft teams in those expert leagues as well. I play in the annual Pros vs Joes contest at FFPC. During the season, check out my advice in the weekly "Ask the Expert" column online at Fantasyindex.com. About the Author Sam "Slam" Hendricks is a 20-year fantasy football veteran who has teams in the World Championship of Fantasy Football (WCOFF), National Fantasy Football Championship (NFFC) and the Fantasy Football Players Championship (FFPC). He has a .725 winning percentage at the World Championship of Fantasy Football (WCOFF). In recent years he finished 7th and 16th overall (out of 228 top players) in the Fantasy Football Players Championship. He is a member of the Fantasy Sports Writers Association (FSWA).
