By Customer Like most fantasy football players, I pore over several draft guides each season to get up to speed with roster changes catch what might have slipped through the cracks last season that might give me an edge come draft day. The Fantasy Greek's Draft Guide not only provides the meat potatoes of fantasy football, but unlike any other guide, it evolves as the season progresses because every purchase grants FULL access to

the TFG website extras; including regularly updating Fantasy Draft Guide updates- fantastic! That alone gives me a leg up on daily fantasy tournaments, plus this is one of the few guides I've ever come across with IDP rankings QB-Defensive pairings- giving me information novices wouldn't even consider. Excellent buy, every year- I very much recommend this guide to any level of fantasy football player out there!
