**Gregory Pober, Adam Sharaf : Fantasy Football Draft Kit 2014** before purchasing it in order to gage whether or not it would be worth my time, and all praised Fantasy Football Draft Kit 2014:

1 of 1 people found the following review helpful. and I've never encountered anything like it. The depth is amazingBy Daniell bought last years version and found it extremely helpful. Last year, I made it to the league Championship (which I haven't done before). The new player ranking formula that takes into accounts a teams strength of schedule is

really well done, and I've never encountered anything like it. The depth is amazing! Can't wait for this season to start!

Very helpful  
0 of 2 people found the following review helpful. not a draft guide at all  
By Curtis C  
The only relevant information for a fantasy football draft in this download is the summary of stats at the end. However, you can find those anywhere on any public website. Further, the rankings that are supposed to be so unique, but instead are viewed in a vacuum. How can you possibly rank a quarterback when you do not even consider his rushing stats? Further, how can you possibly rank anyone when you don't even estimate his 2015 production? The simple caveat that you should refer to a qb's rushing stats as well does not help someone when they're looking for a "cheat sheet." Congrats on taking my six dollars.

The edge you need to be the champion of your 2014 Fantasy Football league. - Matchup averages, statistics, and rankings for taking the trophy home. - Completely original formulas created specifically to optimize draft and weekly success. - Data on every game this season avoid getting blindsided by those tricky matchups. Plan for EVERY possible contingency. Includes: - Strength of Schedule, Strength of Players, and Strength of Team Defense with NO repeating information. - In depth CHEAT SHEET based on a completely original formula that includes an UNPRECEDENTED number of factors. You won't find this anywhere else. Get the guide that will take you to the championship now the only guide you'll need.
