Sam Hendricks : Fantasy Football Guidebook: Your Comprehensive Guide to Playing Fantasy Football (2nd Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Fantasy Football Guidebook: Your Comprehensive Guide to Playing Fantasy Football (2nd Edition):

5 of 5 people found the following review helpful. Probably the best fantasy football book yet writtenBy Jeremy CrowhurstI ordered this and his F.F. 2009 Almanac at the same time. The Almanac came first. That's about all that can said in its favour. So I was more than a little suprised at the quality of this book. It's comprehensive, well-organized,

professionally laid out, reads very easily, and in multiple aspects has advice that is a level beyond the titles that will come up in the "People Who Bought This Book Also Bought..." windows. Let's face it, the fantasy football canon doesn't need another "it's a good idea to wait until late to pick your kicker" kind of book. This one covers the bases of types of leagues, types of scoring systems, and so forth in a couple of chapters, and then gets on to the main entree. His chapter on ranking players tells some hard truths and gives the reader a solid foundation for doing (or not doing) his or her own research. The rest of the book deals thoroughly with the strategy and tactics involved in being in a league, from the draft through to trades, choosing your lineup, and other areas, in greater detail than is offered in any other source. Really, the only other book that has anything useful beyond what's here is Zarzycki's "Drafting to Win". Zarzycki has a couple of good ideas in his book, as well as a whole lot of terrible ones, and it has to be recognized that he has the most highly evolved understanding of how strategies have to be fluid during the course of the draft. But Hendricks has summarized Zarzycki's positive contributions in a few pages, which is probably as much as any fantasy football player needs to see. All in all, a great book, and a stunningly good bargain at \$19.95. 0 of 0 people found the following review helpful. BUY IT!!! By Lumberjack This book is a must read for ANY FANTASY FOOTBALL OWNER! I have played Fantasy Football going on 7 years now and even I was learning new things. Whether a new/inexperienced owner or even a 30 year veteran, I highly recommend you purchase this book. Sam Hendricks has written the ultimate guidebook for Fantasy Football. If he put half the effort into his almanac that he put into this book then he would have the only must read printed material for Fantasy Football. 0 of 0 people found the following review helpful. The Fantasy Football Bible! By Ed Bonchak I started my own fantasy football blog and refer to the Fantasy Football Guidebook often. Just when I thought that after participating in fantasy football for the past fifteen years I knew everything...then this book came along.

How to Play, Enjoy and Win your Fantasy Football League Every Year! A handy, concise and informative source book. Expertly organized and full of hard facts, helpful tips and valuable strategies. This guidebook is for the novice or the expert who wants to learn more about how to play and win fantasy football. It is your single source for every strategy, tip, rule or league variation available. It is the best book of its kind. Includes: - The history and administration of Fantasy Football - Types of leagues, scoring systems and drafts - How to rank players - Draft day tips, theories and advanced strategies - Roster Management skills (trades, add/drops, start/bench decisions) - Auction, Keeper and IDP leagues - Interview with Lenny Pappano (co-founder World Championship of Fantasy Football and draftsharks.com) - Psychology of Fantasy Football - Injuries - And much more!

"Fantasy Football has been a major pastime for football fans and those who dream to be a coach." Fantasy Football Guidebook: Your Comprehensive Guide to Playing Fantasy Football" is a complete and comprehensive strategy guide for those who have taken a liking to the game and want to get an edge on their opponents. Covering the history of the concept alongside the strategies, "Fantasy Football Guidebook: Your Comprehensive Guide to Playing Fantasy Football" is an ideal gift for any fantasy football player and recommended for community library sports collections." -- Midwest Book , July 11, 2008 "Whether you're a beginner to fantasy football or a vet, a local league guy or a high stakes player, a redrafter or auctioneer, Hendricks has you covered. What a great book!"
