David Dorey : Fantasy Football The Next Level: How to Build a Championship Team Every Season before purchasing it in order to gauge whether or not it would be worth my time, and all praised Fantasy Football The Next

Level: How to Build a Championship Team Every Season:

7 of 7 people found the following review helpful. Brilliant !!! A must have book that explains and teaches how to be better
By S. Hendricks I have followed David Dorey at The Huddle for many years now. His insight and advice have always impressed me as down to earth and on the money, yet his words were never preachy. He always seems to explain concepts as if he were your friend beside you at the draft, not the jerk Champion who knows everything and tells you so. It is with this same refreshing style that Dorey presents all of the best of his many years of wisdom. This book really could be titled the 'Best of David Dorey'. And that is precisely why you should pick up a copy, because it is the best from one of the best in the business. He explains how to draft for a team not just individual stars. Perhaps more important is his analysis of what to look for when creating your own projections and rankings. But personally I think his LAG analysis is the most effective way to really see what effect your leagues individual scoring system has on your draft. One last point that must be mentioned. Not only does 'Fantasy Football: The Next level' give tons of great advice, but it also explains why these concepts are valid and.....illustrates this with the numbers to prove it. This is truly a great book and one you need to own if you want to win at Fantasy Football consistently.
1 of 1 people found the following review helpful. Best I have read so far ...
By Mark Balhorn Any other books I have looked at have been fairly basic in their ideas. I was pleased with some of the new perspectives Dorey gave me for the upcoming season, and I look forward to trying out some of his strategies.

fantasy football the next level
By gator42 No wonder this person won as a professional fantasy player. A lot of work was done to prepare for the fantasy football season. This is my first professional fantasy football book that explains in great detail to succeed. I'll tell you that he did a lot of work to prepare for a successful season. If you do what he says, then hopefully it'll work for you. I'm trying it for my first fantasy football money league.

Between 20 and 30 million people play fantasy football each year. Now, Fantasy Football: The Next Level goes beyond stats and projections to teach readers a proven approach to drafting and managing a team that succeeds - in any league. Dorey's wealth of tips, tools and techniques - based on two decades of fantasy football expertise - will help experienced players and newcomers alike win their championships every season. Learn how to: Understand the true value of each position to your team's success using LAG analysis Get a handle on your league's scoring system and use it to your advantage Keep your focus and your discipline on draft day using the Advanced Draft Tracker Ignore the hype surrounding last year's superstar--and build your team with players who will produce this season.

About the Author DAVID DOREY is the co-founder and co-owner of the immensely popular Web site www.TheHuddle.com and is the primary author of the annual BradyGames Fantasy Football Handbook. Considered the leading fantasy football prognosticator in the world, David has won expert leagues held by Fantasy Football Index, Fantasy Football Handbook, Fantasy Football Pro Forecast, and "The Draft 2006," where he single-handedly beat 181 teams. He lives in Dallas, Texas.
