paintings can be really tough to decipher. The part about the art of far cry primal was a pleasant surprise, so were the stickers. A high quality game guide, as expected from prima games.0 of 0 people found the following review helpful. Don't bother - the game gives you all the info in this book.By FuzzmelloDon't bother - the game gives you all the info in this book. There's no index. There's no way to track extra info or even hints. Nothing. You can get everything in this book from the help menu on the game. I see it's published by Ubisoft. I never would've ordered it had I noticed that.0 of 0 people found the following review helpful. Very helpful!By CustomerI bought this for my son and he really likes it. He had been playing the game for a little while and this book helped him find other areas of play that he had missed.
