Ammonite Press : Fashion (In Pictures) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Fashion (In Pictures):

Tracing the development and style of women's and men's clothing from the end of the 19th century to the present day in an intriguing selection of fashion photography. Catwalk, studio, and fashion-shoot photographs reflect the real-life social changes and attitudes that have influenced our fashion, from the bustles and heavy tightly-laced corsets of the Victorian era; through the softer, more fluid lines and brighter colors of the Edwardian period; to the conservative ration-driven outfits of the war years; to the broad-shouldered business chic of the 1980s; to the colorful, softer, more feminine clothes of the present day. Men's clothing, too, has undergone many changes during this period, from the simple, conservative suit for all occasions to a far wider, more casual and more colorful look. This visually stunning and fascinating book examines the progression of women's and men's fashion through more than 300 photographs. Here, too, are the designers, the models and celebrities who influenced what we wore over the course of more than a century.

About the Author Ammonite Press is a unique independent publisher of high-quality, picture-led books. Mirrorpix represents the archives of the Mirror Group Newspapers. This incorporates the archives of the Daily Mirror, Sunday

Mirror, People, Daily Record, and Daily Herald. Mirropix offers unmatched access to a brilliant and unique collection of archive and contemporary images and illustrations, spanning more than a century of British and world history.
