Tyler Nals : Felt Hopper: Florida before purchasing it in order to gage whether or not it would be worth my time, and all praised Felt Hopper: Florida:

0 of 0 people found the following review helpful. Disjointed and RandomBy CustomerVery disjointed and random. Includes sophomoric potty humor. I can't believe this is the same author that wrote Dark Side of the Felt. What a let down.Tyler, you should go back to playing underground or somewhere more interesting (maybe Vegas) if you want to sell poker "adventure " books. Maybe try playing the WSOP in Vegas next year, and write about your adventures

there. Next time please don't tell your readers about every time you used the restroom. Also, what is the point of writing a book where you mostly play in crummy 1/2 games and don't spend enough time at the table to make any money. Of course you lost. You should lose. Why would anyone want to read a book about how to lose. All that said, I'd like to try your poker strategy books, but I can't find information about your overall results because you write using a pseudonym. 0 of 0 people found the following review helpful. Great book!! By terry bordeau What a great book, I love Tyler's books cause he is very entertaining and informative at the same time! He's brutally honest which is rare, many others I'm sure doctor they're results to look better and hope to sell more books because they look like they never lose. It's refreshing to read a real book that anyone who plays poker can relate to. I would recommend this book to anyone as it was very interesting throughout. Thanks tyler keep them coming and I'm looking forward to his new felt hopper book coming soon! Felt hopper vegas!! YESSS 0 of 0 people found the following review helpful. Heads Up Florida Poker Players By Kindle Customer I'm a fan of @TylerNals and his poker books. Felt Hoppers Florida is a must read for all Florida poker players. I thought I was the only player to come to the same conclusions as Tyler did in his research. This place is bad beat hell! Tampa Hard Rock is my home court so thanks for the AAA award Tyler! 4 out of 5 stars for a couple of mistakes, but probably only Florida die hard players will pick up on them.

This is a poker adventure book, not a poker strategy book. I played at every poker room in Florida with the goal of turning a profit. I was constantly rushing to the next poker room due to time constraints, which made this very challenging. This was one of the greatest adventures of my life. NOTE: Please avoid if you're offended by bathroom humor.

About the Author Tyler Nals has written three bestselling books: The Dark Side of the Felt, Poker Notes, and The Perfect Range. He's always working on adding to that list.
