**Benjamin Myhre : Fifty Shades of Bacon** before purchasing it in order to gage whether or not it would be worth my time, and all praised Fifty Shades of Bacon:

4 of 4 people found the following review helpful. Not What I Expected By Willow Yes there is some really good bacon recipes, however the only "naughty" thing about this book is the name of the recipe chapters such as Foreplay for Appetizers and Morning Wood for breakfast recipes. For some waste of space there is actually directions on how to boil an egg. The Fifty Shades of Chicken was a much better book that had awesome recipes and a good erotic laugh. Thanks to google i have no need for a generic recipe book and this one left me feeling dissatisfied. 5 of 5 people found the following review helpful. Disappointed By Customer Pretty disappointed...I received the 50 shades of chicken cook book as a gift and loved it! So I thought this one would be similar. The recipes are very simple and the book in general is kind boring. One of the recipes is for bacon bits...I don't need to buy a book to learn how to make bacon bits. Should have researched this book before buying, it would have saved me a few bucks. Advice to anyone else interested, just go to pinterest instead. 95 of 102 people found the following review helpful. Sort of a let down...By Pandapaws I bought this as a joke for a man obsessed with meat who talks incessantly about the 50 shades phenomenon. The book is cute and has lots of recipes. I like the content. My issue is in the price. I was disappointed when I opened up a book thinner than my Good Housekeeping magazine. My daughter has thicker children's books. It is about a quarter inch thick (or less) with a flimsy paper cover. I guess I was expecting something sturdier for \$25. Don't get me wrong, there is nothing wrong with the book itself. The problem is with the price. I could see this book

selling at \$7.99, MAYBE \$15 because of the name play and all the 50 shades propaganda it's riding off of. But \$25...no way. Make sure you really want this book if you intend to buy it, because it is over priced. (which is a shame because it is a cute idea.)

Fifty Shades of Bacon is an erotic cookbook that delves into the full bacon experience. Ok, it is not erotic at all, but it is a tongue in cheek delivery of some great bacon recipes. Everything from basic bacon bits to bacon ice cream to bacon au gratin and alfredo. If you are into bacon, want an interesting conversation piece or are looking for a present for the meat lover in your life, this title is for you. This is a softcover book that has 62 pages and 50 recipes.

About the Author Benjamin Myhre's love of food and popular culture has culminated in a passion for Bacon and is the fire that sparked this book. While Ben loves Bacon, he also enjoys home canning, innovating his homemade pizzas and home brewing. Outside of cooking, Ben works in the technology industry, reads comic books, gets geeky about Star Wars, tries to make it to the gym to work off all the delicious food as well as blogging about popular culture on the internet. He lives in Fargo with his lovely wife, Ashley, his dog Charlie and three cats he lovingly calls cat. Jenna Johnson's love of cooking, food, photography, and Bacon has helped her create a successful food blog called [recipe-diaries.com](http://recipe-diaries.com). She is married to her wonderful husband Ben and two cute furball children Colin and Jerry Lee. Ben gets to sample all the recipes and ideas Jenna has created for her blog and sometimes the children do too. She resides in Fargo and met Ben Myhre through a friend, Ashley Myhre.
