Karsten Müller, Raymund Stolze : Fighting Chess with Hikaru Nakamura (Progress in Chess) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Fighting Chess with Hikaru Nakamura (Progress in Chess):

7 of 12 people found the following review helpful. Very good, though not quite what I expected By Customer Nakamura is without question one of the most feared attackers the chess world has ever known. I bought this book hoping to get some insight into Nakamura's thinking process, as well as to get some peek at his coming of age in the chess world. I suppose I was looking also for a sort of a biography. But I guess I should have realized since the

book was not authored by the man himself, it wouldn't be about his life. in any case, if you like the art of attack presented in an entertaining way, Nakamura's are among the best. Enjoy3 of 17 people found the following review helpful. better than the bible!By mike in hawaiiThis book made laugh, cry, and hug myself with its sheer and utter beauty! And I can't even read!

The first book to focus on United States Chess Champion
