BradyGames : Final Fantasy XII Signature Series Guide (Bradygames Signature Guides) before purchasing it in order to gage whether or not it would be worth my time, and all praised Final Fantasy XII Signature Series Guide (Bradygames Signature Guides):

0 of 0 people found the following review helpful. and this walkthrough is the best. If you're debating purchaseBy Theresa ArbuckleExactly what I wanted. Should be noted that pages in front are starting to fall out, but this is the third of these books I've had and even the first that I purchased brand new off the shelf did the exact same thing. Every one of these I've seen falls apart.But it is the walkthrough I needed. Got a few hints online - I've played this game through MANY times and it's been a few years since the last time so I remember a lot, but there are several places you just NEED hints, and this walkthrough is the best. If you're debating purchase...just do it. It's not cheating, you still have to

fight and level up, it just tells you how to accomplish the harder and more tedious things.0 of 0 people found the following review helpful. A Must Buy!By Kim FreymannYou will definitely need this book for this game. Unless you don't want to strategize your way through. Some disguised creatures have higher life points and will dominate and destroy you; one particular was the Nekhbet and it's disguised as a normal level 5-6 Cockatrice with HP levels from 3,963 - 3,979; so good luck beating it.0 of 0 people found the following review helpful. Review - Final Fantasy 12 Stragety GuideBy SteveThis guide was not bad. I found that it was very helpful in finding everything in a game as huge and as expanse as FF12. Everything in the guide as far as I found was definately correct and the enemy list with their weaknesses was a huge help. The guide has maps, a list of weapons, a list of accessories, and a list of powers and where to find everything. It should be noted that while chests are listed, items may not be in those chests because the game assigns a probability to their being their and there is a very high probability that the treasure will not be there because of the way the game works. The guide explains this in depth and explains how to maximize the probability of getting certain items which is awesome.My complaint against this guide is that it fell apart the minute I opened it. The pages are falling out as I use it. I cant blame this on wear-tear becuase it happened the first time I opened it.Definately pick up this guide, because you will need it considering the complexity of FF12, but al beware that the guide will fall apart in a day or 2. It is a great guide, perfectly writeen but poorly manufactured (the images are clear as day and perfect, the binding just sucks).

BradyGames Final Fantasy XII Signature Series Guide includes the following: A complete walkthrough of the entire game.

About the AuthorBradyGames, an imprint of DK and a division of Penguin Random House Inc., is the worlds leading publisher of strategy content for PC and console video games.
