**Graham Hancock : Fingerprints of the Gods: A Quest for the Beginning and the End** before purchasing it in order to gage whether or not it would be worth my time, and all praised Fingerprints of the Gods: A Quest for the Beginning and the End:

0 of 0 people found the following review helpful. Great bookBy CustomerGreat book, about human civilization, and will question you with every page0 of 0 people found the following review helpful. Excellent condition. Such a good and thought provoking readBy katherine88Excellent condition. Such a good and thought provoking read.0 of 0 people found the following review helpful. MasterpieceBy ian bennettTruly epic account of real history that you will never learn in school. To call it 'eye opening' would be a massive understatement. Should be compulsory reading in all schools - should but never will be, more's the pity.In a real civilisation Graham would receive a knighthood!

By the author of "The Sign and the Seal". This book describes the quest for the whereabouts, nature and few surviving traces of a lost civilization that was destroyed long ago and obliterated from human memory, long before any of the cultures of historical antiquity rose to prominence. While Hancock does not believe that this civilization was Atlantis, he taps into the same current of human yearning that has made the Atlantis myth such a powerful one. He mixes physical exploration of dramatic and sometimes dangerous locations in his pursuit of the hints and scraps of evidence that point to a great and unsolved mystery.

Praise for Fingerprints of the Gods:"A fancy piece of historical sleuthing...intriguing and entertaining and sturdy

enough to give a long pause for thought." -Kirkus s"Readers will hugely enjoy their quest in these pages of inspired storytelling."-The Times, LondonFrom the Trade Paperback edition.From the PublisherPraise for Fingerprints of the Gods:"A fancy piece of historical sleuthing...intriguing and entertaining and sturdy enough to give a long pause for thought." -Kirkus s"Readers will hugely enjoy their quest in these pages of inspired storytelling."-The Times, LondonFrom the Inside FlapThe author of the best-selling The Sign and the Seal takes readers along on a quest for proof of the existence of an ancient advanced civilization--not Atlantis--that predates Egyptian, Hittite, and Chinese cultures. An irresistible mixture of historical detective work, hard science, and recent discoveries in ancient places.Black-and-white photographs.
