Baby Professor : First Grade Puzzles: Word Games, Puzzles and Phonics Fun before purchasing it in order to gage whether or not it would be worth my time, and all praised First Grade Puzzles: Word Games, Puzzles and Phonics Fun:

1 of 1 people found the following review helpful. ~ Not Impressed with this Kindle Book ~By Small~Town~GirlI ordered this Kindle book (as ell as another first grade puzzle book) for my 6-year-old nephew to have some puzzles to do when he came to spend the day, but I am not impressed with this book. This Kindle book is just okay, at best, and only has a very few puzzles.Im afraid I agree with another reviewer who stated that these dont really seem appropriate for first grade. The cutout puzzles (like the cow puzzle) seem more of a kindergarten puzzle, although perhaps some first graders would enjoy them, if they did the cutting part. The second group of puzzles, the word-find type (like the one titled Family), are definitely too hard for my nephew who is going into first grade next year and they are confusing with the words bending. I would not necessarily recommend this book.1 of 1 people found the following review helpful. I like to create our own homework and help him progressBy SilverdogMy kiddo is a younger first grader. He should actually be in Kindergarten. But... I chose to enroll him early. Therefore, its important for me to keep up with first grade skills. He still struggles with what he has learned in Kindergarten. I like to create our own homework and help him progress. This is a fun way to interact with him and let him learn at the same time.Disclaimer - I received this ebook for free in exchange for my honest, unbiased, and fair review. In no way has this influenced my review. I rely on reviews just as much as you do and detest fake five star reviews. I very much appreciate reviewers who take the time to provide their honest and unbiased reviews and, for that, I am extremely grateful to them.When I need or would

like particular products, I take the time to research those products as I do quite a lot of online shopping. I also take the time to test every product, whether received for free, at a discount, or for full sale price, to find out if the item holds true to its claim. If you found my review to be helpful in any way, then I trust that I have provided the necessary details to make your buying decision an informative and positive one. Should you have any questions, please feel free to ask away and hopefully I can provide an answer. Thank you for taking the time to read my review; it is very much appreciated! 1 of 1 people found the following review helpful. Good Puzzles, Wrong Grade Level By C I'm not entirely sure that this book should be titled first grade. Some of the puzzles seem a bit easy for first graders and some of them seem a bit hard. I could see me using some of the puzzles in my first grade classroom as a story-starter. Like "unscramble this picture and then write a story about it." just to get kids minds flowing. But as a standalone puzzle? Way too simple for my smart first graders. I think to maybe market this book as a wider range of grades would be best. Maybe a K-2 title?

Word games encourage more than just the ability to read words, but also the ability to understand them. There's a mile of difference between the two, as the other calls for advanced skills than the latter. The purpose of this workbook is to condition your mind to love words and to never stop learning them. There are exercises that fun to do yet very effective, too. Secure a copy today!

About the Author Baby Professor showcases a collection of subjects that would be educational for kids to help them learn how to do something themselves or shows how something is done or how it came about. Children love to learn through attractive visuals and Baby Prof. is the perfect starting point to get your child the head start he or she needs for the future. Our Motto - "Learning is Fun, so let's Make it Fun to Learn".
