**Arcturus Publishing : Floral Notebook Crosswords** before purchasing it in order to gage whether or not it would be worth my time, and all praised Floral Notebook Crosswords:

0 of 0 people found the following review helpful. Buy the 2015 published version instead.By CybrarianThe 2015 crosswords had themes and clever titles. This 2016 puzzle book has no titles and no themes. Still a perfect size, however.

This beautifully designed book will slip easily into your bag or purse so you'll never be without it! It is decorated throughout in an elegant design which complements the linen-look cover.
