Stone Marshall : Flynn's Log 1: Rescue Island (Stone Marshall's Flynn's Log) (Volume 1) before purchasing it in order to gage whether or not it would be worth my time, and all praised Flynn's Log 1: Rescue Island (Stone

Marshall's Flynn's Log) (Volume 1):

THE WORLD IS IN TROUBLE and needs a digital hero. Flynn enters a familiar but changing video game world where something goes terribly wrong. Flynn gets stuck inside the game! His memory is lost and the dangers he faces are real. The game world evolves introducing new dangers and creatures that Flynn has never seen before. An intelligent creature comes to his aid, but can Flynn trust this digital being? About the Flynn's Log series: In the near future, video games begin to change and evolve. Random bits of data create a virtual intelligence that takes over the digital world. A digital crisis is born, bringing the real world to a halt. The only person who can save the world is Flynn, but he needs help from his friends, the Hackers. In short, this is a great read: ingenious set-up, exciting plot and strong characters. -A. Graves It was great! My son really loved it! He is eagerly waiting for the next one! He read it many times and every time he enjoyed the book. -Anil Sharma My non-reader asked if I would buy this for him. I couldn't have been happier. He really enjoyed it and I REALLY enjoyed the fact that he didn't put it down until he was finished. -Cheryl Greif
