Corinna Williams, Nina Zywietz : For the Love of Style before purchasing it in order to gauge whether or not it would be worth my time, and all praised For the Love of Style:

"Fashion changes, but style endures." Coco Chanel knew what she was talking about: she used the transience of fashion to her advantage, revolutionizing traditional women's fashion styles at the dawn of the 20th century. Since then, styles have changed and evolved with every passing season. But what is style, and what kinds of style are there? These are precisely the questions we answer in For the Love of Style. We showcase the best-known and most exciting trends, from boho to preppy to the boyfriend look. Where did these trends come from, who influenced them, and who perfected them? This style guide explains all of this and more, with inspiring pictures and detailed texts by Corinna Williams and Nina Zywietz. We also tell you how to build the perfect wardrobe: For the Love of Style shows the must-have pieces, from trench coats to sailor shirts, for every body type and budget, and shares style tips to help you get in

touch with your inner fashionista.
