I just wish he had one on Skipper and then I'd feel complete. 0 of 0 people found the following review helpful. Must have for Francie collectors By Mary Meins As Joe himself admits, there are just a couple of errors in this book (see if you can find them!) Seriously, the photos are outstanding and this book contains all of the Francie size outfits. It is definitely a must have for the Francie collector. 0 of 0 people found the following review helpful. Everything Francie By me I think everything "Francie" is included in here. I'm not a collector, but it was nice to find out things about the favorite childhood doll that I still have.

BARBIE doll's cousin Francie, who celebrated her 30th anniversary in 1996, is showcased with the hottest "mod"

fashions and accessories! Blitman has chronicled Francie's 30 year fashion history from the psychedelic world of mini-skirts, bell bottoms, hip huggers, tie-dyed colors, go-go boots and accessories mirroring the fashion craze of the 1960s and 1970s, with fantastic full color photos. All of Francie's fashions and dolls are valued and identified! 450 color photos. 160 pages.
