Judit Polgar : From GM to Top Ten: Judit Polgar Teaches Chess 2 before purchasing it in order to gauge whether or not it would be worth my time, and all praised From GM to Top Ten: Judit Polgar Teaches Chess 2:

0 of 0 people found the following review helpful. Satisfied. By Dennis Giansante Satisfied. 1 of 1 people found the following review helpful. Judit Polgar Tops! By David McDonald Love Polgar Sisters Especially Judit. I learned and am learning a lot from her games in this book and her annotations. 11 of 13 people found the following review helpful. ... bought the first volume and I think it was better than this By David Hernandez I bought the first volume and I think it was better than this. This book is not at all bad, on the contrary, is awesome. The quality of the book is superb, the images crystal clear and the comments made by Judit are incredibly useful. I think I like best the first volume because

it is friendlier with the "common reader". I am myself below 1700 ELO and sometimes struggle with advanced concepts or many moves without a picture.TL;DR: I love the book.Edit: I continued reading the book and the more I read it, the more I love it. I still think the first one is better than this book, but that is because the first book should have more than 5 stars.
