It's one of the best books for beginners, child 6yrs through adult. 1 of 1 people found the following review helpful. Best "learn to play" book! By Outdoororgal Easy to follow, great instructions--

gradually lets you build up your abilities. Didn't even know a note before I picked this up, gives all the basics you need to start playing! 2 of 16 people found the following review helpful. What a scam By Krirog What a scam to buy this book. Unless you are a die hard beatles fan and must have every crappy book which says Beatles on it. Most of the Beatles songs are so easy to play anyway. Rhythm guitar. Strum a few chords and sing. The Beatles Licks are very basic too. This book has more the lyric notes... and lots of them in this book aren't the full song and incorrectly transcribed.... Meaning what they put in the book is not the music as recorded. You are better off buying an authentic Beatles songbook which has the "RECORDED VERSION" on the book. This is one of the FAKE Beatles songbooks and they try to get you into it by saying learn how to play with the Beatles music.

This easy-to-use beginning method teaches everything you need to know to get started playing guitar. Start by learning how to hold the guitar and how to read standard music notation and TAB. Photos are included to clearly show proper fingering position. Great arrangements of songs by Lennon McCartney are introduced to reinforce new techniques. Once you have completed this book, you will be able to play from sheet music and be ready to play in a band. The CD demonstrates songs and exercises. Songs include: All My Loving; And I Love Her; Eight Days a Week; Eleanor Rigby; The Fool on the Hill; Here, There and Everywhere; Hey Jude; I Am the Walrus; It's Only Love; Michelle; Norwegian Wood; Nowhere Man; Ob-La-Di, Ob-La-Da; Paperback Writer; Penny Lane; Rain; Revolution; Sgt. Pepper's Lonely Hearts Club Band; With a Little Help From My Friends; Yellow Submarine; Yesterday; You've Got to Hide Your Love Away...and many others.
