**Heather Maxwell Chandler, Rafael Chandler : Fundamentals Of Game Development (Foundations of Game Development)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Fundamentals Of Game Development (Foundations of Game Development):

0 of 0 people found the following review helpful. Four Stars By wesley Great read, tad dry at times, but had genuinely constructive information. was worth the buy for class. 0 of 0 people found the following review helpful. Five Stars By Allen Bates Book was in good condition. No complaints! 0 of 0 people found the following review helpful. Open the door to the world of game development By linhtm This is must buy for anyone who want to go to the world of game development. It doesn't tell you how to coding a game, how to manufacture a game instead.

Written by veterans who are currently working in the game industry, *Fundamentals of Game Development* is unique because it provides the practical aspects of the processes involved in developing and completing game projects. Designed for introductory game development and game production courses, this text provides a hands-on approach using examples and exercises to walk the reader through the entire process of developing a game from concept to completion. The book covers the basic topics discussed in an introductory text as well as history, game genres, design, story-telling, character creation, pre-production, code release, career descriptions, and more.
