The sequencing in the book doesn't flow well and makes it a little confusing. For the price it might have been a little longer, however, the quality of the artwork tends to compensate for the brevity. 3 of 3 people found the following review helpful. Furry Logic Review By Gam Furry Logic is one of my most favorite gifts to give ever! The colorful pictures "pop" off the pages and the written sayings will have everyone laughing. It has been the perfect gift for me to give to friends in the hospital, for birthdays, for house warming gifts and for ways to say, "I care"! I have never given this book that the receiver did not call within 24 hours exclaiming, "This is the best book ever. Thank you!" Many friends have bought several that they have also used for gifts. I have given many and recently received my order for 10 more. 1 of 1 people found the following review helpful.
