A good choice, even if...By OuhmanThis book contains 216 futoshiki grids and 20 samples of other logic games, such as sudoku, hitori, kakuro, etc.I'm not entirely satisfied by the futoshiki grids. First, I would have liked some smaller ones : the only sizes here are 7x7, 8x8 and 9x9. Moreover, the

difficulty gap between the 1-star grids and the 2-stars grids is too big. Anyway, this book provides hours of intense brain teasing and the 20 extra games at the end of it are a nice plus. 1 of 1 people found the following review helpful.
